

## **Future Conferences Committee 2023 Goals**

1. Discuss policies for what types of conference proposal to solicit and how to prioritize proposals. For instance:
  - a. Must there be an IARR member onsite for a proposal to be entertained?
  - b. What are the implications of soliciting and receiving a proposal from places where not all members would be welcomed (e.g., sites that restrict LGBTQ rights)?
2. Issue calls to solicit conference proposals for a 2025 mini-conference and a 2026 main conference. This is assuming the following:
  - a. The 2023 mini-conferences currently scheduled for at Alabama and Arizona State take place.
  - b. The 2022 Boston main conference is rescheduled for Boston in 2024.
3. Review letters of intent and solicit full proposals for 2025 and 2026.
4. Review full proposals and submit recommendations to IARR Board of Directors.
5. Revisit and provide input on conference behavior policy (originally drafted by Anita Barbee).
6. Create a conference manual describing policies and practices for recruiting hosts and for planning and running the conference.
