

IARR Ad Hoc History Committee Goals 2020-2022

Step 1:

Contact individuals who are social science historians and/or society historians for advice on the role of society historians including the tasks they might undertake and the procedures they might use.

Step 2:

Develop an idea of what IARR might have as a job description for a historian and/or a charge for a History committee.

Step 3:

Arranging a celebration for the 2022 IARR Conference will be a key goal. Another goal would be one or more historical projects. This is an initial blueprint but obviously, like many blueprints, changes may be made as things unfold.
